March 12/19

Board of Public Works
City of Lewes, DE

We are writing to request extended payment terms on the water and sewer impact fees. When asked early on, we were told there probably would not be a connection fee.

Subsequently we were told that there will be a combined fee of nearly \$35,000.00. This un-budgeted expense would cause a hardship on our new business.

The resolution we seek would be to pay LPW \$5,000.00 down at time of connection and the balance in 12 monthly payments.

We feel our restaurant will add to the fabric of The City of Lewes by improving the street scape, providing local employment, and broadening dining opportunities by bringing world class ethnic dining to Lewes.

We want to be good corporate citizens, and hope that you will help us with this temporary budget shortfall so we can proceed with our planned opening in May.

Thank you for your Consideration,

Gyanendra Gupta, Executive Chef/ Owner
